

You are invited to Friday Night at the Forum

A Social & Educational
Event for
**Mammography
Technologists**

Featuring: Dr. Paula Gordon & Ms. Ann MacDonald

“ After Mammography—What?” Ever wonder what happens to a woman after she has an abnormal screening mammogram? Dr. Paula Gordon will give us insight in to the journey of a patient through the system. Dr. Gordon is the Chair of the Academic Committee of the Screening Mammography Program of British Columbia, Chair of the CBCF Early Detection Taskforce, Senior Radiologist at the Breast Program at BC Women’s Hospital and does clinical breast imaging and intervention.

“ Become a Community Liaison” Help de-mystify the screening process. Become part of the movement to educate and encourage more woman to come for screening. Ms. Ann MacDonald, SMP Promotion and Education Specialist will explain how technologists are getting involved locally and around the province to promote screening , and how you can start the movement in your community.

Friday, October 22nd , 2010
