When was the last time you put in a chest tube or performed an emergency surgical airway? Would you like to learn to place central lines more safely using Ultrasound guidance?

SEMP Course Description:

The Simulation-assisted Emergency Medicine Procedures course (SEMP) was designed to allow physicians to acquire and review their skills in essential life-saving emergency procedures including:

1. Needle Cricothyrotomy and transtracheal jet ventilation
2. Open Cricothyrotomy
3. Needle Thoracostomy
4. Chest Tube insertion
5. Intraosseous Vascular access in Adults
6. Intraosseous Vascular access in Children
7. Pericardiocentesis
8. Central line Vascular access, landmark technique
9. Ultrasound-guided Central line vascular access
10. Principles of effective emergency resuscitation

Before the course, the students will have access to web-based learning modules. These online modules will include videos, animations, powerpoint lectures, and select articles from the literature that demonstrate the cognitive aspects of performing the procedure. Students will complete this self-directed learning at their convenience, before arriving for the one-day hands-on procedure lab and human patient simulator sessions. The hands-on portion of the course will take place at the Center of Excellence for Surgical Innovation and Education (CESEI) at Vancouver General Hospital, where experienced instructors will demonstrate the procedures and supervise the students as they practice on animal and realistic plastic models. Finally, the students will have the opportunity to integrate performance of these procedures into the real-time resuscitation of a critically ill patient using the latest Human Patient Simulator technology to create realistic scenarios.

This course is limited to 24 participants.

How to Register

Online

Using your credit card (VISA/MC only), you can register for courses with our secure server at www.ubccpd.ca

Phone

Call us at (604) 875-5101 to register using your VISA or Mastercard. Office hours are M-F 0830-1630. (Note: 5-6 days for processing)

Fax

Fax us at (604) 875-5078 with your VISA or MasterCard. You may duplicate the adjacent form, and type or use dark ink to complete it. (Note: 5-6 days for processing)

Email

Email us at cpd.info@ubc.ca with all your contact details and the name of course that you would like to register for and we will call you back.

Mail

Mail your registration form using the adjacent form with your cheque, money order (**payable to UBC CPD**) or credit card details. UBC CPD, 855 West 10th Avenue, V5Z 1L7

Refunds and Cancellations

This course incurs significant non-refundable expenses prior to the course— please read and carefully understand our cancellation policy before submitting your registration:

1. Cancellation by individual registrant:

Should you need to cancel your registration, you must do so in writing to cpd.info@ubc.ca fifteen (15) business days prior to the date of the course. Your registration fee, less a \$100 handling charge, will be refunded. After fifteen (15) business days prior to the course, **no refunds will be granted** unless a replacement can be secured by the registrant; however, the cancellation fee will still apply.

2. Cancellation by the organizers:

The Division of Continuing Professional Development reserves the right to cancel a course between thirty (30) business days prior to the course date. Each registrant will be notified by telephone, followed by written notification and full refund. The University of British Columbia is not responsible for any costs, including but not limited to airline or hotel penalties.
