Wednesday, April 11, 2012  
Hilton Toronto  
0800 - 1800 hrs **MAXIMUM: 24**  
(breakfast at 0730; course starts at 0800)

The AIME program has been providing valued and practical hands-on airway management learning experiences for clinicians around the world for over 8 years.

AIME program highlights include:

- Case-based clinical decision making
- New practical algorithms
- When, why, and how to perform awake or rapid sequence intubation
- New textbook/manual based on the AIME program
- Unique, customized clinical videos
- Limited registration to ensure clinician to instructor ratios of 5 or 6:1
- Clinician to simulator ratios of 2:1
- Reinforcement of core skills
- Introduction to newer alternative devices (optical stylets, video laryngoscopes & others)
- Exposure to rescue devices (King laryngeal tubes, LMA Supreme and others)

AIME educators are experienced (and entertaining) clinical instructors who understand the varied work environments of practicing clinicians. Whether you work in a large, high volume centre or a small remote setting, AIME will provide a practical approach for airway management in emergencies. You may register for this meeting on the conference registration form. This course is also open to non-conference delegates.

**POST-CONFERENCE COURSE: TOPIC**

**Saturday, April 14, 2012**  
**The Hilton Toronto**

The STN TOPIC ("Trauma Outcomes and Performance Improvement Course") is taught to all members of the trauma system team who participate in the ongoing assessment, evaluation and improvement of trauma care. The course has been developed in response to the need for education and better understanding of the Performance Improvement process in trauma care. TOPIC focuses on the ongoing assessment of the continuum of trauma care with a structured review of process and discussions of strategies to monitor trauma patient outcomes. It is a one-day interactive Modular Format, customized to best meet the needs of the individual trauma care provider participants who have varying levels of experience with trauma performance improvement. The course offers practical application for all Levels of trauma centres, from entry level to mature phase of program development. The Modules are taught with a focus on didactic, operational definitions, sample tools, case study examples, and take home points. You can register for this course at <http://www.traumacanada.org/Default.aspx?pagelid=1213227>

PLANNING COMMITTEE/FEATURED SPEAKERS

The Trauma Association of Canada (TAC) is a multi-disciplinary society of the Royal College of Physicians and Surgeons of Canada.

Their mission is to:

- strive to improve the quality of care provided to the injured patient, including pre-hospital management and transport, acute care hospitalization, and reintegration into society.

- support, conduct, and apply basic science, clinical, and outcome research related to trauma.

- encourage effective and efficient use of health care resources in the delivery of trauma care.

- foster professional and community education in the field of injury prevention and in the care of the injured patient.

The mission of TAC members should be to reduce the incidence of injury, ensure optimal care of the injured patient, and provide leadership in collaboration with other health care providers, agencies, and individuals.

# Accreditation

The University of British Columbia Division of Continuing Professional Development (UBC CPD) is fully accredited by the Committee on Accreditation of Canadian Medical Schools (CACME) to provide study credits for continuing medical education for physicians. As well, the Accreditation Council for Continuing Medical Education of the United States (ACCME) maintains a reciprocity relationship with CACME which the American Medical Association (AMA) recognizes for the purpose of allowing Canadian medical schools the ability to certify activities for AMA PRA Category 1 credits and to award such credits to eligible physicians. This program has been reviewed and approved by the UBC Division of Continuing Professional Development. UBC CPD designates this educational program as meeting the accreditation criteria of the College of Family Physicians of Canada for up to **17.5** MAINPRO M1 credits. This program is an Accredited Group Learning Activity eligible for up to **17.5** Section 1 credits as defined by the Maintenance of Certification program of the Royal College of Physicians and Surgeons of Canada. This program also meets the accreditation criteria for a maximum of **17.5** Category 1 credits toward the American Medical Association Physician's Recognition Award. Each physician should claim only those credits he/she actually spent in the activity.
